Dirt
A Love Story
Edited by Barbara Richardson and By Pam Houston

Community farms. Mud spas. Mineral paints. Nematodes. The world is waking up to
the beauty and mystery of dirt. This anthology celebrates the Earth's generous crust,
bringing together essays by award-winning scientists, authors, artists, and dirt lovers to
tell dirt's exuberant tales.

Geographically broad and topically diverse, these essays reveal life as lived by dirt
fanatics-admiring the first worm of spring, taking a childhood twirl across a dusty
Kansas farm, calculating how soil breathes, or baking mud pies. Essayists build a dirt
house, center a marriage around dirt, sink down into marshy heaven, and learn to read
dirt's own language. Scientists usher us deep underground with the worms and
mycorrhizae to explore the vast and largely ignored natural processes occurring
beneath our feet. Whether taking a trek to Venezuela to touch the oldest dirt in the
world or reveling in the blessings of our own native soils, these muscular essays
answer the important question: How do you get down with dirt?

A literary homage to dirt and its significance in our lives, this book will interest hikers,
gardeners, teachers, urbanites, farmers, environmentalists, ecologists, and others
intrigued by our planet's alluring skin.

Essayists include Vandana Shiva, Peter Heller, Janisse Ray, Bernd Heinrich, Linda
Hogan, Wes Jackson, BK Loren, David Montgomery, Laura Pritchett, and Deborah
Koons Garcia.
